

## Instructions

Welcome to Javea, welcome to Villa Ambolo. We hope you have a nice holiday in our house and please find below some information that helps you to make your stay even more pleasant.

General	<p>Housekeeping and guest service comes from Ms Birgit Weingarten, Tel. ++34 – 965079441, Mobile ++ 34 - 671 683 129. Services include “Meet &amp; Greet”, deposit handling, cleaning, change linen, guest attendance etc. If you have any questions, please do not hesitate to contact her.</p> <p>Important: Please inform Ms. Weingarten appr. one day before you arrive about your approximate arrival time as the “meet &amp; greet” service is done personally.</p>	
Keys	<p>You get three pairs of keys. The keys with No. 015068 open/close all locks outside (garage, bike room, plot entrance etc.), the keys with No. 015054 lead to all appartments.</p>	
Air conditioning	<p>Electric power in Javea is limited to appr. 7.000 Watt (at once). If consumption exceeds this limit, power supply is cut off for a while. For this reason, we recommend to <b>use maximum two of the four A/C</b> in the house <b>simultaneously</b>.</p>	
	<p><b>Please make sure that you ventilate windows regularly (2 times per day, 15 min.) even when running the A/C</b></p>	
	<p>In the main apartment, A/C is installed. In the upper level and smaller bedroom, it is activated with the remote control units you find in each room.</p>	
Cinema	<p>The cinema is equipped with a full HD/3D projector, a TV screen, a sound system. Sources are Satellite TV (Astra), Blu-ray DVDs and Apple TV. A “one for all” remote control allows you to manage the whole equipment.</p>	

	Cinema motor screen	To activate the motor screen, use the up and down button on the screen remote control. Stop the screen with stop button	
	Select input and output with "one for all" remote control. You have six options for activity: 1.) Blu-ray -> cinema screen, 2.) Apple TV -> cinema screen, 3.) Apple TV-> LCD-TV, 4.) Sat TV -> cinema screen, 5.) Sat TV -> LCD-TV and 6.) Apple TV -> Audio	Take Logitech remote control in your hands. LCD display shows red background. Use button with blue arrow to change options for activities, button with green arrow to select activity and red button to switch off whole equipment. Once you have selected activity, use remote control to manage devices as you know from home.	
	Enjoy		

Sound system	Two Samsung sound systems are available in the main and lower apartment. They can be accessed easily from your smartphone via Bluetooth.		
Internet Access	Internet Access is via WLAN-Router installed in middle apartment. Network Password is "33409610". You are fully responsible for any content that is down- or uploaded during your stay.		
Pergola	Opening and closing of the pergola is done with a remote control (Somfy). Press up and down button to adjust the awnings. Important: please close the pergola awning in case of heavy wind or when not using the terrace.		
Garage doors	Garage doors can be opened and closed with the remote control (DEA). The one with the ring on it operates the right garage door, the other one can be used to open and close both doors.		
Garden furniture	Please make sure that you use the cover for the lounge garden furniture on middle terrace when not in use as there is a lot of dirt falling from the trees. Thanks!		
Pool and Spa	The pool is maintained by a pool service. Furthermore, you have a waterfall and a spa jet installed.		
	Waterfall	Press the silver switch integrated in the stone wall to activate and deactivate	
	Spa jet	Press the little steel switch integrated in the wood panel next to the steps to switch on and off.
